> I lay in my bed. I closed my eyes. My mind rested along with body. A few minutes later, a picture appear in my mind. I love the view that appear in front of me.

> I walked down the stoned path in McKenna Park. Beautiful stars filled the sky. I was in my alien form. I remember my flute so, I pulled it out. Instead of the song I always played, I played her favorite song, 'Dreaming of You' by Selena.

> "I like the song better when you play it." said a sweet voice. The voice was sweeter than honey with ten gallons of sugar on top. I looked behind me and saw her. Her blonde hair fly as the wind blew past her. The wind past her skirt causing it to flipped up a little.

> She stood there in her school uniform. I could smell the sweet smell of her scent. I took the flute away from my mouth.

> "Come closer to me, my Queen." I whispered. She giggled. Not that childish giggle she always had but, a woman's giggle. She started to walked closer to me as I continued to play the song.

> "Ann don't understand you. She don't know what a good thing she have." she whispered. I smiled as I saw my wannabe lover walk to me. Those sexy legs. Those pretty blue eyes. That beautiful hair.

> The smooth creamy lips. I love it all. I need her. I want her. Now, we stand face to face very closely.

> We was so close, we could read each other's mind. She slowly pulled the flute away from my waiting lips.

> "I love you." she said in a soft whisper. Our lips met. The dream went away by the sound of my clock that sat on the table beside my bed.

> "I had her. I had my Serena." I whispered as I got out my bed.
